What do we do??

At MOPS, we provide a friendly and fun place for mothers: a morning out to meet with other moms, relax, share some stories, advice, laughter and encouragement in this rewarding, but sometimes tough time in our lives. A typical MOPS meeting includes a delicious brunch and conversation and fabulous speakers. Topics might include self image, marriage and relationships, house hold tips, freezer meals. Some small, and creative activity will be created by each mom to take home. At each meeting, there is plenty of time for small discussion groups to interact, thus deepening friendships and growing spiritually.

MOPPETS: Children's Program

MOPPETS consists of children from **infancy through kindergarten** and offers children a chance to learn to separate from their moms and make some new friends along the way! The little ones are being cared for in a loving environment providing age appropriate activities while their moms are enjoying their morning. Children are divided into classrooms and grouped by age. They enjoy stories, games, crafts and singing. If you are needed for any reason, you will be given a pager, or a MOPPETS worker will notify you. MOPPETS volunteers help shape the future through their input of Christian love and teaching. Dividing the children into age groups allows each child to socialize and make lasting friendships within groups of similar skill and interest level.

MomSense: Bold * Loving * Sensible

Equips moms to embrace their mothering instincts and develop their own parenting style while navigating through the myriad of daily mom decisions.

Most women wonder:

- How do I decide what to do when I really don't know what to do?
- Should I trust my intuition?
- With so much available information, how do I discern what's best?
- What are the most important family values?

Developing a mothering strategy is somewhat like playing a game—and this year's theme is appropriately game related. Have fun being a mom! Playing games involves being bold and taking risks, loving those in the game with us and being sensible while figuring out what works and what doesn't.

Combining her mom intuition and her common sense helps a woman discover her own unique MomSense.

(Mom Intuition + Common Sense = MomSense)
